### 3. **Director Updates:**

Directors liability insurance is due for renewal.

Last fall, we had talked about signage within Stave Falls for pedestrian safety. Birgit will follow up again regarding that.

Additionally, Phil had gotten some commitment regarding informational signage for the Stave Falls area including "welcome to Stave Falls" signage. He will follow up with City staff regarding this project.

### 4. **Road Safety:**

Birgit sent an email to the City of Mission regarding road plowing and maintenance during our recent snow falls. Got an email back right away from Mayor Horn citing budget and equipment availability as contributing factors. The response from the public works department was less satisfactory.

Because road maintenance is something that is of concern to our entire community, a consensus was reached that we would send a letter to City Council advocating for improved service to DTR during winter storms.

We will not take this up as an actionable item by this association but are in favor of bringing it to the attention of City Council for their consideration as they review budgets for 2022 road maintenance.

**5. New Business and Food for Thought**

Greg would like to see some initiative that could see direct and tangible benefit for the community of Stave Falls. He was wondering if the Fire Department had any needs that may need funding?

There will be further discussion on this at a later date.

It is suggested that a Directors only meeting be planned so that we can discuss 2022 objectives. Plans will be made to do that.

Mayor Horn is having a Facebook Live event for the residents of Mission this night. We will adjourn our meeting early so that we can attend it.
